Rory J Richards

FULL-STACK DEVELOPER

Memphis, TN | 662.470.0033 | roryrichards41@gmail.com | github.com/LordInfamous86 | Portfolio

PROFESSIONAL SUMMARY

Full-stack developer with a MERN foundation and recent experience contributing to a production research database. Delivered reviewed changes across PostgreSQL, Supabase, Python, and TypeScript, including guarded data repairs and measurable data-quality investigations. Brings a decade of construction experience, practical problem-solving, and a record of learning new tools on the job.

TECHNICAL SKILLS

Core: JavaScript, React, Node.js, Express, MongoDB, HTML, CSS
Data: SQL, PostgreSQL, Supabase
Tools: Git, GitHub pull requests and code review, VS Code, Plane, Slack
Familiar: Python, TypeScript, Redux, Tailwind CSS, responsive design

EXPERIENCE

Banyan Labs | **Software Developer Trainee** Oct 2026 | Remote

- Contributed sprint-ticket changes to a Supabase/PostgreSQL research database through reviewed GitHub pull requests.
- Added AI scan status and error tracking across a SQL migration, Python script, and TypeScript types; distinguished failed scans from empty results, backfilled existing records, and documented a production safeguard.
- Fixed two data-promotion SQL scripts with URL-pattern validation and rollback-safe dry runs, preventing non-URL text from entering link fields.
- Used read-only SQL with CTEs, CASE expressions, window functions, and joins to classify 251 invalid source links and identify 64 records whose only source was a page title; shared queries with findings.
- Repaired malformed production URLs in a guarded transaction with row-count checks and automatic rollback; cleaned 103 invalid bio links and built a source-link coverage report.

PROJECTS

Hero Archive | Full-stack multi-publisher character catalog with search, profiles, Supabase favorites, and stat-based Battle mode. Live demo · Frontend · Backend

The Orrery | React planetary and natal-chart dashboard with timezone-aware birth-time conversion and private Supabase storage. Live demo · Source

Absolute Masonry and McKoin Concrete | **Construction and Concrete** 2010-2021 | Tennessee

- Built residential foundations and concrete features, prepared sites, and finished concrete work; maintained measurement accuracy, safe tool use, and crew coordination to complete projects on schedule.

EDUCATION AND CERTIFICATION

Persevere | Full-Stack Web Development Certification | June 17, 2026 | Mountain City, TN

High School Diploma | Lavergne High School, Lavergne, TN
